# ABOUT JLT STUDIO

JLT Studio offers a range of music lessons for beginners through to advanced pianists, keyboardists and synthists. The main focus of my lessons is Jazz, Funk, Pop, Rock, Blues and other modern styles. Students learn how to improvise, sight-read, play-by-ear, read lead sheets and many other useful skills essential for the modern musician.

Not only will students learn how to play piano solo, they will learn how to play and company others. Whether it be a singer or a full band, my students develop the necessary skills to play with confidence in a range of styles. By focusing on the technique and teaching the necessary knowledge in fun and engaging ways, I will have you playing in no time.

## JLT STUDIO, LENDING & GOOGLE DRIVE

All students have access to the JLT Studio Google Drive with plenty of songs, lead sheets, reference books and much more. There are also some physical books that may be lent out. Students also have the option of borrowing recording equipment.

## TYPES OF LESSONS

### In-Person Options:

- Individual Lessons

- Group (4+ students) Lessons
- Self-Paced Lessons / À la carte

Learning in-person with a good teacher is the best fit for most people.

### Online Lesson Options:

Perfect for those who don't have time to travel to/from a teachers studio.

**Group Lessons** are great for those who want to share their learning with a friend. Works best when both students are at similar levels.

There are a few options for where you can have your lessons.

- At your home / office
- In my home / studio
- Online (Skype / Zoom)

## WORKSHOPS

Is there a specific skill you want to concentrate on? Below are some of the ideas of workshops I've organised in the past.

- Playing with a band
- Improvising with a band
- Writing & arranging music at home (DAW)
- Synthesizers & Sound Design
- Recording music at home (with a DAW)

If you have an idea for a workshop you'd like to discuss, please get in touch via email and we can work something out.

## MATERIALS

Method books are one of the most common resources used by piano teachers, this is simply to keep the teacher and student on track to maintain steady progress without overwhelming the students.

JLT Studio uses a range of books and other resources depending on the individual student, below you can see the most common options:

- Children - Wunderkeys
- Teenagers - Wunderkeys
- Older Teenagers - Bastien for Adults
- Young Adults - Bastien for Adults
- Adults - Bastien for Adults
- Jazz Piano - The Jazz Piano Book

In addition to the resources mentioned above, **Music Theory** is also a big part of learning piano. The main Music Theory resources used:

- ABRSM Music Theory In Practice
- Jazzology

# HOW DO SELF-PACED LESSON

## WORK?

While most people are looking for regular weekly lessons, some simply don't have the time for that and want lessons sporadically.

Combining the Self-paced method with either À la carte or a set monthly lesson is a great way to make steady progress at your own pace and receive guidance when and where you need it. Students taking self-paced lessons with JLT

Studio are recommended to book 1x lessons, either online or in-person, per month but may take more if they wish. You may receive your resources via email and print them out yourself or have me print them out for you.

Before receiving new resources, you will need to show that you have sufficient understanding of your current material.

## STANDARD OPTIONS:

<b>Option 1</b>	€
Self-Paced Lessons (Digital)	10
1 hour lesson per month	50
<b>Total - 60 per month</b>	

<b>Option 2</b>	
Self-Paced Lessons (Digital)	10
À la carte lesson per month	30+
<b>Total - 40+ per month</b>	

## WHAT ARE SELF-PACED LESSONS?

*Self-paced lessons are exactly that! Self-Paced.*

You will receive carefully selected resources, either digitally or on paper, that suit your level and your goals. To track your progress or receive new materials you need to show me that you can do the set tasks (either by recorded video, in-person or online lessons).

## SUGGESTED LESSON TIMES:

As the parent or guardian, you know the student much better than I do. However, I do see certain patterns that may help you decide how long your loved one should have lessons.

- >12 yrs: 30 min
- 12-15 yrs: 30-45 min
- 15-18 yrs: 45+ min
- 18+ yrs: 45+ min
- Beginners: 30-45 min
- Elementary: 30-45 min
- Intermediate: 45-60 min
- Advanced: 45+ min

## PERFORMANCES & RECITALS

Although JLT Studio has no official performances or recitals, I may organise them from time to time if there's enough interest.
